

about us...

Formed in 2001, Multifab Metals Engineering Ltd has become one of the area's biggest and most diverse Bespoke Fabrication companies.

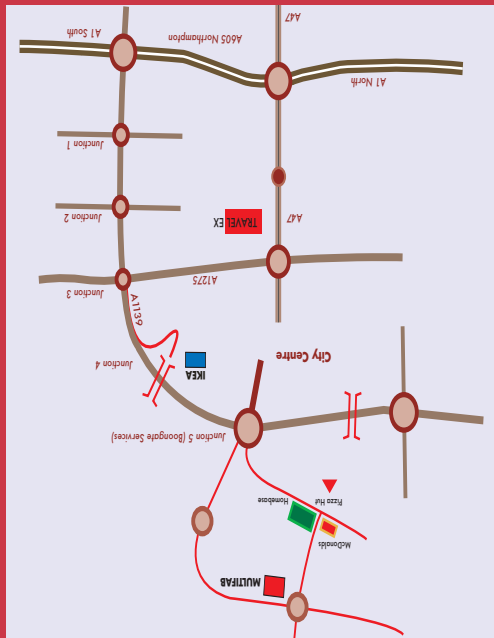

Dealing in Steel, Stainless Steel & Aluminium we are able to tackle all forms of Fabrication & Sheet Metalwork.

The company possesses a large equipment inventory including the rare commodity of a 4 metre 275 Tonne CNC Press Brake.

We are able to offer an AutoCAD design service as well as Nationwide On-Site installation.

Whether the project is large or small, Multifab offers an efficient On-Time service in a competitive market.

MULTIFAB METALS ENGINEERING LTD.

ALL ASPECTS OF STAINLESS STEEL/STEEL & ALUMINIUM FABRICATION AND SHEET METALWORK UNDERTAKEN

Architectural Stainless Steel Fabrication

what we do...

- Access Platforms
- Aluminium Fabrications
- AutoCAD Design Service
- Balustrading
- CNC Plasma Profiling
- Conveyor Systems
- Decorative Staircases & Handrail
- Food Hygiene Standards
- Fire Escape Stairs & Ladder Systems
- Feature Metalwork
- Heavy Engineering
- Hopper Fabrication
- Installation
- ISO 9001 Registration
- Jig Work
- Laser Profiling
- Mild Steel Fabrications
- Nationwide Coverage
- On-Site Fabrication & Installation
- Plant Refurbishment
- Press Brake -4m CNC
- Quality Assurance
- Accreditation
- Residential Requirements
- Sheet Metalwork
- Stainless Steel Fabrications
- Structural Steelwork
- Turnkey Projects
- Urban Street Furniture
- Vessel Fabrication
- Welding - MMA/MIG/TIG
